DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 15-19, 21-24 and 34-35 stand rejected under 35 U.S.C. 102(b) as being anticipated by USPN 5,605,750 to Romano as set forth in the prior Office Action of January 24, 2005.

Response to Arguments

1. Applicant's arguments filed 5-24-05 have been fully considered but they are not persuasive.
2. Applicant argues that US '750 fails to disclose a coating and/or ink receiving medium containing a cross-linking agent, further arguing that at best US '750 discloses a "cross-linked polymethyl methacrylate" and crosslinked PMMA cannot crosslink anything. The Applicant has not persuasively argued because Applicant's end product is the same. Cross-linked PMMA inherently comprises a crosslinking agent, hence the name "crosslinked" PMMA. Applicant's resultant product is crosslinked. No differences are seen and the 102(b) rejection is maintained for reasons of record.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
